Q88 LLC Opens New Office in Athens

Stamford – 12 October 2017 – Q88 LLC, the leading SaaS technology provider to the maritime industry, announced today that it has opened a new office in Athens, Greece. The office further increases the company's presence in Europe and will serve as a key hub for client relations and business development.

"The Greek shipping community is so important to our success as a company and the industry as a whole. Having a presence in Greece is something we are very excited about. The Athens office will allow us to further strengthen relationships in the region and allow us to tap into the pulse of the industry" says Fritz Heidenreich, President and Founder.

The office will be headed by Fotis Georgakopoulos, Client Services Director. Fotis has significant client relations and business development experience in the region, previously holding various positions within the industry, most recently with ShipNet.

Athina Lekkou has also joined the Q88 Hellas team serving as Client Services Director, and brings with her 9 years of industry experience with companies like Maran Tankers Management and Tsakos Columbia Ship Management.

Q88's new office in Piraeus is located at:

Q88 Hellas PC
Filonos 46
Piraeus, 18535
Tel: +30 210 4122 201
Email: sales@q88.com
Email: support@q88.com

The Piraeus office will be a short-term location for the company. Q88 will be looking for a permanent office location in the south end of Athens over the next few months.

About Q88 LLC

Founded in 2001, Q88 LLC is the leading SaaS technology provider to the maritime industry. Q88's mission is to make the global shipping industry more open and connected. People use Q88 products to share information and work collaboratively, to access disparate information, and to turn static data into powerful insights. We believe that with the right technology guiding the right people, the possibilities are endless.

Our products have revolutionized the global shipping industry by connecting companies and facilitating the sharing of information in an efficient and productive way. Our partnership with the world's leading ship owners, charterers, ship managers, agents and brokers has provided us insight into how to build solutions for some of the industry's most pressing issues.
